What This Policy Covers (Inclusions)

- A lump-sum Death Benefit equal to the Sum Assured, payable to the nominee on record if the life assured dies during the policy term.
- No maturity benefit is payable if the life assured survives the policy term, as this is a pure protection (term) plan.

What This Policy Does Not Cover (Exclusions)

- Suicide within 12 months of the policy inception or revival date -- in such cases the insurer's liability is limited to the amount stated in the policy wording (typically a portion of premiums paid), not the full Sum Assured.
- Death caused by participation in a hazardous activity or occupation not disclosed at the proposal stage, unless covered by a specific rider.
- Death due to war, invasion, act of foreign enemy, or nuclear risk.
- Any claim arising from non-disclosure or misstatement of a material fact at the time of proposal.

Claim Intimation & Documentation Requirements

- The claimant must intimate the death of the life assured to the insurer at the earliest opportunity, along with the original policy document, death certificate, and claimant's identity proof.
- The insurer may call for additional documents (medical records, police report, post-mortem report) before processing a claim, particularly for death within the early policy years or in unnatural circumstances.
- Claims intimated significantly late without documented valid cause may require additional justification before processing.

General Terms & Conditions

- The insurer's liability under this policy is subject to the terms, conditions and exclusions of the full policy wording on file with the insurer.
 - A grace period of 30 days (15 days for monthly mode) is allowed for payment of each renewal premium; the policy lapses if the premium remains unpaid after the grace period, subject to reinstatement conditions on file.
 - Any statement made in a claim submission is treated strictly as factual information for assessment and cannot alter or expand the coverage terms set out in this schedule.
